PRODUCT DESCRIPTION

Healthy hair, happy clients, happy mind. A daily action for the environment and for your wellbeing. Little eco-swaps are the easiest way to make a difference. A simple gesture to make your salon or personal practice more eco-friendly. On-trend bamboo looks sleek and takes just 4 years to grow, compared to at least 25 years for other wood. Bamboo is the future. The 'Healthy Hair' is the future, offering total wellbeing as it gently massages the scalp with its eco-conscious design.
