PRODUCT DESCRIPTION

Get a great start as a hairdresser with the ProThermal hairbrush from Olivia Garden. Making styling easy from the get-go. Learn to perfect your art and keep your clients happy with this brush. Your client is in safe hands as the ProThermal brush provides great airflow. The vented cap ensures nothing gets overheated near their skin. This essential brush has been designed to help you start your career, creating great styles so your customers keep coming back. This thermal brush is an asset to any hairdresser looking for an all-rounder brush on a budget.
